4.4. Spend Bonus Interest

A minimum retail transaction amount of RM500 in aggregate is charged to your OCBC Bank Credit Card and/or Debit Card. **All retail**

transactions must bear posting dates within the same calendar month to be aggregated for the month. Any retail transaction amount which is not posted within the same month of the transaction will not be aggregated for the month (e.g. if the transaction was made on 29 October but the posting date of the retail transaction amount was on 2 November, the transaction will be aggregated for the month of November instead of October). The Bank is not responsible for any failure or delay in the transmission or posting of any retail transaction except where such failure or delay is directly caused by the Bank's gross negligence or default.

Amounts incurred through the use of an OCBC Bank Credit Card and/or Debit Card that are **excluded** from computation of retail transaction amount are as follows:

- (a) credit card or debit card fees and charges (e.g. annual fees, replacement fees, etc.);
- (b) balance transfer;
- (c) amounts converted to Installment Payment Plan or other similar plans;
- (d) retail transaction amounts which are subsequently cancelled, voided or reversed at any time and for whatever reason; and

To illustrate:

June 2019 – You spend RM600 with OCBC debit/ credit card for online purchases and are eligible for the June Spend Bonus.

July 2019 – You spend RM700 with OCBC debit/ credit card for travelling expenses. However, the transaction for online purchases made in June 2019 amounting RM600 was reversed in July 2019. The net spending for July 2019 is RM100. With this, you will not be eligible for the July Spend Bonus Interest.

- (e) such other amounts notified by the Bank from time to time.

Credit Card

All retail transaction amounts charged to your principal and (where applicable) supplementary OCBC Bank credit card(s) and posted within the same calendar month will be aggregated for the month. If an OCBC 360 Account is jointly held by 2 or more Eligible Customers, only retail transaction amounts charged and posted to the principal and supplementary OCBC Bank credit card(s) of the OCBC 360 Account primary accountholder will be aggregated for computation of the Spend Bonus Interest. Amounts charged and posted to the credit card(s) in which other joint accountholders are the principal will not be taken into account for the computation of the Spend Bonus Interest.

If your OCBC Bank credit card is terminated for any reason, whether by you or the Bank, then all amounts charged and posted within the calendar month of the termination (if any) are disqualified from computation of the Spend Bonus Interest. For example, if an Eligible Customer terminates his OCBC Bank credit card on 20 October 2019, then all amounts charged and posted to the terminated credit card from 1 October 2019 until 20 October 2019 are disqualified and will not be aggregated in the computation of the Spend Bonus Interest for the month of October 2019.

Debit Card

The OCBC 360 Account must be the fast cash account for the debit card (360-Linked Debit Card). All retail transaction amounts charged to the 360-Linked Debit Card bearing posting dates within the calendar month will be aggregated for the Spend Bonus Interest computation of the month. The posting dates of the transactions are based on the posting dates recorded in the OCBC Cards system and are deemed final. If the posting date of the debit card transaction in the account statement is later than the posting date of the debit card transaction in the OCBC Cards System, the posting date in the OCBC Cards System will be referred to instead of the posting date in the account statement in determining the retail transaction amounts to be aggregated in the computation of the Spend Bonus Interest.
