What is this product about?

The Time Deposit-i ("TD-i") is a cash deposit product with profit payable at maturity for placement of 12 months and below or profit payable every month until maturity date (for placement above 12 months) denominated in Ringgit Malaysia (MYR), United States Dollar (USD), Singapore Dollar (SGD) or Great Britain Pound (GBP).

The deposit is protected by PIDM up to RM250,000 per each depositor.

What is/are the applicable Shariah concept(s)?

This product is based on the Shariah principle of Tawarruq which consists of two sale and purchase contracts. The first involves the sale of an asset by a seller to a purchaser on a deferred basis. Subsequently, the purchaser of the first sale will sell the same asset to a third party on a cash and spot basis, for the purpose of obtaining cash.

Each sale and purchase contract in the Tawarruq is binding in nature and shall not be terminated unilaterally by any of the contracting parties. The common inherent nature of each sale and purchase contract in the Tawarruq is the transfer of ownership of the asset from the seller to the purchaser for a consideration.

The currency conversion during placement or withdrawal of the deposit is pursuant to Bai' al-Sarf which means buying and selling of currencies.

Mechanics of products as follows:

- The Tawarruq transaction shall be conducted through dual agency arrangement. Under this arrangement, OCBC Al-Amin will act as customer's agent (customer's wakil) to conclude the Tawarruq transaction. Customer is the seller and OCBC Al-Amin as purchaser of commodities where the price is payable on deferred (maturity). The detail explanation as follows:
 - Customer deposits funds* with OCBC Al-Amin Bank Berhad (OCBC Al-Amin) and appoints OCBC Al-Amin as the customers' agent to purchase commodity. The commodity will be Crude Palm Oil ("CPO") or such other Shariah compliant non-Ribawi commodity as determined by OCBC Al-Amin.
 - *Customers Funds: Customer's Purchase Price*
 - OCBC Al-Amin purchases commodity as the customers' agent from a broker at spot. If there is no request of physical delivery of the commodity, the customer authorises and appoints OCBC Al-Amin as agent to sell the commodities to any party including to OCBC Al-Amin itself when the Customer has constructive possession (Qabd al-Hukmi) of the commodity at an amount equivalent to Bank's Purchase Price. OCBC Al-Amin then purchases the commodity from the customer at cost plus profit** which is to be paid on the specific deferred payment date.
 - **Cost plus profit: Bank's Purchase Price*
 - Upon deferred payment date, OCBC Al-Amin will pay the customer the Bank's Purchase Price which consists of cost (principal) plus profit.
