Account Holding	An applicant is allowed to hold only ONE account.
	No joint or multiple accounts are allowed.
Nationality	Open to Malaysian Citizens only.
Documents Required	Identity Card.
Minimum Initial Deposit	RM20
Minimum Balance to	RM20
Maintain in Account	

Interest Rates

Interest Rates

A savings account with Base Interest on the entire account balance and additional Bonus Interest for the amount set aside in the "Save Pot".

Interest rates are illustrated in the table below:-

Interest Type	Interest Rates* (%p.a.)	Applicable to
Base Interest ¹	0.30%p.a.	Daily Account Balance (including the amount in the "Save Pot")
Bonus Interest ²	1.50%p.a.	Daily Save Pot Balance

¹ You will earn the prevailing interest ("Base Interest") on the entire account balance. Base Interest will be calculated at the end of the day, based on your daily account balance and credited to your account at month end.

Both interests will be posted to the account in a single transaction as "Interest Credit", rounded up to 2 decimal places.

Debit Card purchases which are debited from your account after the transaction date may result in the Daily Account Balance being less than the Daily Save Pot Balance. In such cases, the Bonus Interest will be calculated based on the Daily Account Balance. However, if the Daily Account Balance is in negative balance, no interest at all will be paid for the days that the Daily Account Balance is in negative balance.

² The amount in the "Save Pot" is earmarked and cannot be withdrawn or spent. As the accountholder, you decide how much money in your account is to be placed into, or removed from, the "Save Pot", at any time at your convenience. The minimum denomination for adjusting the "Save Pot" is RM1 whilst the maximum amount that can be earmarked is the total account balance. In order to place money into or remove money from the "Save Pot", you will first need to download the OCBC Mobile Banking Application ("App") onto your mobile phone. The App contains the functions for you to place money into or remove money from the "Save Pot". Bonus Interest will be calculated at the end of the day, based on your daily "Save Pot" balance and credited to your account at month end.

OCBC Wealth Management

"The effective interest rate of FRANK Account ranges from 0.36%p.a. to 1.80%p.a., depending on the Daily Account Balance and the amount placed into Save Pot. Please refer to the Product FAQ at our website for various examples of interest calculation.
