General Information	
Shariah Contract	Tawarruq
Definition and salient features	<p>A Tawarruq consists of two sale and purchase contracts. The first involves the sale of an asset by a seller to a purchaser on a deferred payment. The second involves a subsequent sale of the same asset by the purchaser of the first sale to another party on a spot / cash basis.</p> <p>Each sale and purchase contract under the Tawarruq is binding and shall not be unilaterally terminated by any contracting parties. The inherent nature of each sale and purchase contract is the immediate transfer of ownership of the asset from the seller to the purchaser for a consideration.</p>
How does the Product Work?	<p>The Tawarruq transaction will be conducted through a “dual agency arrangement”. Under this arrangement, OCBC Al-Amin Bank Berhad (“OCBC Al-Amin”) acts as the Customer’s agent (Wakil) to conclude the Tawarruq transactions, as detailed below:</p> <p>The Customer deposits funds with OCBC Al-Amin and appoints OCBC Al-Amin as the Customers’ agent (Wakil) to purchase commodity at the Customer’s Purchase Price which is equivalent to the funds deposited. The commodity will be Crude Palm Oil or such other Shariah compliant non-Ribawi commodity as determined by OCBC Al-Amin.</p> <p>OCBC Al-Amin purchases commodity as the Customers’ agent (Wakil) from a broker with payment at spot. On the OCBC Al-Amin’s purchase of the commodity, constructive possession (Qabd al-Hukmi) of the commodity passes to the Customer. If the Customer does not request physical delivery of the commodity, the Customer shall be taken as having authorised and appointed the Bank as agent (Wakil) to sell the commodity to any party including to the Bank itself. As the Customer’s agent (Wakil), OCBC Al-Amin sells the commodity to itself at cost plus profit (“Bank’s Purchase Price), ie. the amount of Customer’s Purchase Price plus a profit margin. The profit margin is based on the profit rate from time to time offered under the Product to the Customer.</p> <p>The Tawarruq transaction will be repeated on a daily basis on days when trading of the commodity is available. Profits are accrued daily and credited to Customer’s account at the end of the month.</p>

	DATE	PARTICULARS	BONUS PROFIT
Scenario A			
Customer A has a total of RM50,000 in his OCBC 360 Account-i as at 1 October 2016			
5 Oct 2016	Customer A deposits RM200 into his OCBC 360 Account-i	Average daily account balance for October 2016 ^(a) = $[4(\text{RM}50,000)+11(\text{RM}50,200)+9(\text{RM}50,500)+7(\text{RM}350,500)]\div 31$	
16 Oct 2016	Customer A deposits RM300 into his OCBC 360 Account-i	= RM118,070.97	
25 Oct 2016	Customer A deposits RM300,000 into his OCBC 360 Account-i	Bonus Profit for October 2016 ^(b) = $\text{RM}100,000 \times 1.20\% \text{p.a.} \times 31 \div 365$ = RM101.92	
Scenario B			
Customer B has a total of RM1,000 in his OCBC 360 Account-i as at 1 November 2016			
2 Nov 2016	Customer B spends a total of RM600 on purchases in a shopping mall using his OCBC Al-Amin Debit Card-i	Average daily account balance for November 2016 ^(a) = $[1(\text{RM}1,000)+5(\text{RM}400)+5(\text{RM}100,400)+19(\text{RM}97,900)]\div 30$ = RM78,836.67

EXPLANATIONS to Table 2 :			
<p>(a) Average daily account balance = sum of account balance of every day in the calendar month divided by number of days in the calendar month.</p> <p>(b) In Scenario A, as Customer A fulfills the requirements for "Deposit" category within October 2016, he earns 1.20%p.a. Bonus Profit of RM101.92. The Bonus Profit is calculated on the Maximum Average Balance of RM100,000 since his actual average daily account balance of RM118,070.97 has exceeded the Maximum Average Balance. If Customer A did nothing in the next calendar month i.e. November 2016, then he would only earn Base Profit at Board Rate on the entire account balance of RM350,500 and he would not earn any Bonus Profit in November 2016.</p> <p>(c) In Scenario B, Customer B fulfills the requirements for "Debit Card-i" and "Deposit" categories (he does not fulfill the requirements for "Bill Payment" category because he only makes 1 Bill Payment instead of 3 as required). Therefore he gets to earn 2.40%p.a. Bonus Profit of RM155.51 on the actual average daily account balance of RM78,836.67. If Customer B did nothing in the next calendar month i.e. December 2016 except for the standing instruction for payment of his OCBC home financing (he does not fulfill the "Bill Payment" category by making only 1 Bill Payment), he would not earn any Bonus Profit in December 2016.</p>			
Profit Calculation in the Event of Account Closure	In the event of an account closure, the daily profits for the month of the account closure will be calculated at the Board Rate on daily balances up to the day before the account closure date. No Bonus Profit will be payable for the Account. For clarity, if at the time of account closure the Bonus Profit for the preceding calendar month has not been paid, the Bonus Profit for the preceding calendar month will also not be payable.		

Other terms	<p>You may only open ONE OCBC 360 Account-i, whether in own name or in joint names. If for any reason you have multiple OCBC 360 Account-i eligible for the Bonus Profit, only ONE (1) account that has the highest total bonus profit will be accorded. The other OCBC 360 Account-i(s) opened may be converted into the OCBC Aqil Savings Account-i or such other savings account as OCBC Al-Amin may at its absolute discretion deem fit. In any event, such other OCBC 360 Account-i(s) will not earn the Bonus Profit, but may only earn Base Profit as may be determined by OCBC Al-Amin from time to time.</p> <p>There is no requirement to maintain any minimum balance in the account but the account will be closed if it maintains zero balance continuously for 90 days. OCBC Al-Amin will prior notify the Customer by SMS or such other means as OCBC Al-Amin deems fit of the account closure. Reactivation of a closed account within 3 months from the account closure date shall be at OCBC Al-Amin's sole discretion.</p>
