

REVISION OF THE PRODUCT DISCLOSURE SHEET FOR OCBC DEBIT CARD AND OCBC DEBIT CARD-i

We have revised the Product Disclosure Sheet for OCBC Debit Card and OCBC Debit Card-i as stated below. This revision will take effect from **14th June 2024** onwards.

Product Disclosure Sheet for OCBC Debit Card

Clause: Personal Identification Number (PIN)

Current clause	Revised clause
OCBC will issue a PIN which is used to effect the transactions stated above. If your OCBC Debit Card is used for online purchase that requires a strong authentication method, you will receive a One-Time-Password (OTP) via short message services (SMS). Please keep your PIN or OTP safe, secure and strictly confidential at all times to mitigate unauthorised or fraudulent transactions using money in your account.	OCBC will issue a PIN which is used to effect the transactions stated above. If your OCBC Debit Card is used for online purchase that requires a strong authentication method, you can retrieve the One-Time-Password (OTP) from OCBC OneToken by using the OCBC Malaysia Mobile Banking app to authorize the online purchase. Please keep your PIN or OTP safe, secure and strictly confidential at all times to mitigate unauthorised or fraudulent transactions using money in your account.
