#### NOTES TO THE UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS - 30 SEPTEMBER 2019

#### **GENERAL INFORMATION**

The Bank is a licensed Islamic Bank principally engaged in Islamic Banking and related financial services. There were no significant changes to these activities during the financial period.

#### PERFORMANCE REVIEW

The Bank recorded a profit after tax of RM115.9 million for the financial period ended 30 September 2019; an increase of RM31.7 million against the corresponding period last year. The increase was mainly due to lower allowances of RM43.8 million and higher income derived from investment of depositors' funds and others of RM26.2 million, partly offset by higher income attributable to depositors of RM22.7 million and lower income derived from shareholders fund of RM13.3 million.

Allowances decreased by RM43.8 million mainly due to higher recoveries from restricted profit sharing investment account holder of RM29.8 million, bad debt recovered of RM11.7 million and lower Stage 3 ECL allowance of RM9.0 million, partly offset by higher Stage 1 and Stage 2 ECL allowance of RM6.7 million.

The decrease in income from investment of shareholder funds was mainly from lower fee and commission income of RM16.6 million, while income attributable to depositors was higher by RM22.7 million mainly due to an increase in customer deposits.

Gross financing and advances increased by RM1.2 billion or 12% year to date, mainly from corporate drawdowns in the finance, insurance and business services sectors. Deposits from customers increased by RM0.1 billion over the same period to RM11.9 billion as the bank diversified its sources of funding to a more balanced retail mix. Deposits from individuals increased by RM0.5 billion, whilst deposits from non-bank financial institutions decreased by RM0.4 billion.

The Bank remains well capitalised with common equity Tier 1 and Tier 1 capital ratios of 15.584% and total capital ratio of 18.322%.

#### ECONOMIC PERFORMANCE AND PROSPECTS

With global economic growth forecasted to slow to 3.2% for 2019, the external headwinds will affect Malaysia's economic growth, estimated at 4.7% by the government for the full year 2019, despite having registered a stronger growth of 4.9% in the second quarter of 2019. The Malaysian government, in its National Budget 2020, targets to deliver shared prosperity for the population and estimates the country's economy to grow by 4.8% in 2020, supported by the implementation of budgetary measures.

Against this backdrop, the Bank will continue to expand its wealth management business in the country as well as to build its financing book for the corporates and small and medium enterprises (SMEs). Global Investment Banking (GIB) Malaysia has advised and arranged Sustainable and Responsible Investment Sukuk for a solar plant in Malaysia. In support of the Malaysian government's target to increase the country's power generation mix from renewable energy to 20% by 2030, GIB Malaysia will continue to focus on advising and arranging sustainable financing for the development of solar plants. Global Treasury (GT) will continue to focus on treasury advisory services and providing solutions to our customers.

The Bank will continue to invest in digitalisation initiatives and transformation of customer touch-point platforms so that customers are able to enjoy a seamless banking experience. The Bank has also embarked on a Future Smart programme with the aim to create a digital culture and an empowered workforce prepared for a digital future where rapid changes are taking place.

The Bank will continue to monitor its capital and liquidity closely as well as preserve its asset quality.

#### 1 BASIS OF PREPARATION

The accounting policies set out below have been applied consistently to the periods presented in the unaudited condensed interim financial statements, except as disclosed in Note 1(a) to the interim financial statements.

The unaudited condensed interim financial statements are presented in Ringgit Malaysia ("RM"), which is the Bank's functional currency. All financial information presented in RM have been rounded to the nearest thousand, unless otherwise stated.

#### 1 BASIS OF PREPARATION (continued)

#### (a) Statement of compliance

The unaudited condensed interim financial statements of the Bank have been prepared under the historical cost convention (except for the assets and liabilities which are stated at fair value as disclosed in the notes to the unaudited condensed interim financial statements: financial assets at FVTPL, financial investments at FVOCI and derivative financial instruments). The unaudited condensed interim financial statements have been prepared in accordance with Malaysian Financial Reporting Standard ("MFRS") 134, International Accounting Standard 34 and the requirements of the Companies Act 2016 in Malaysia and Shariah requirements.

The unaudited condensed interim financial statements should be read in conjunction with the audited annual financial statements of the Bank for the financial year ended 31 December 2018. The explanatory notes attached to the unaudited condensed interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Bank since the financial year ended 31 December 2018.

The following accounting standards, interpretations and amendments have been adopted by the Bank during the current period:

- MFRS 16, Leases
- IC interpretation 23, Uncertainty over Income Tax Treatments
- Amendments to MFRS 9, Prepayment Features with Negative Compensation
- Amendments to MFRS 11, Joint Arrangements (Annual Improvements to MFRS Standards 2015-2017 Cycle)
- Amendments to MFRS 112, Income Tax (Annual Improvements to MFRS Standards 2015-2017 Cycle)
- Amendments to MFRS 119, Employee Benefits (Plan Amendment, Curtailment or Settlement)
- Amendments to MFRS 123, Borrowing Costs (Annual Improvements to MFRS Standards 2015-2017 Cycle)

The initial application of the above mentioned accounting standards, interpretation and amendments do not have any material impact to the financial statements of the Bank except as mentioned below:

MFRS 16, *Leases* which came into effect on 1 January 2019 introduces a single, on-balance sheet lease accounting model for leases. A lessee recognises a lease liability to make lease payments and an asset representing the "ROU" of the underlying asset during the lease term. The ROU asset is depreciated in accordance with the principle in MFRS 116, *Property, Plant and Equipment* and the lease liability is accreted over time with finance expense recognised in the profit or loss. Lessor accounting under MFRS 16 is substantially the same as the accounting under MFRS 117, *Leases* whereby lessors will continue to classify leases as either finance or operating leases.

The Bank applied MFRS 16 initially using the modified retrospective approach whereby the cumulative effect of adopting MFRS 16 is recognised to the opening balance of retained earnings as at 1 January 2019, with no restatement of comparative information. The Bank elected to apply the practical expedient to grandfather the assessment of contracts that were previously identified as leases under MFRS 117. This means that the lease definition under MFRS 16 was applied only to new or changed contracts entered on or after 1 January 2019.

In implementing MFRS 16 on 1 January 2019, the Bank recognised an additional RM4.3 million of ROU assets and RM4.3 million of lease liabilities. There was no impact on retained earnings as at 1 January 2019 arising from the adoption of MFRS16.

The Bank has not adopted the following amendments to accounting standards issued by the Malaysian Accounting Standards Board ("MASB") as they are not yet effective:

Effective for annual periods commencing on or after 1 January 2020

• Amendments to MFRS 101, Presentation of Financial Statements and MFRS 108, Accounting Policies, Changes in Accounting Estimates and Errors

The Bank plans to apply the above mentioned amendment to accounting standards when it becomes effective. The initial application of the above mentioned amendment to accounting standards is not expected to have any material impact to the financial statements of the Bank.

#### 1 BASIS OF PREPARATION (continued)

#### (b) Use of estimates and judgements

The preparation of the unaudited condensed interim financial statements in conformity with MFRS, requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

In preparing the unaudited condensed interim financial statements, the significant judgements made by management in applying the Bank's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the audited financial statements as at and for the financial year ended 31 December 2018.

#### 2 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies applied by the Bank in these unaudited condensed interim financial statements are the same as those applied by the Bank in its audited financial statements as at and for the financial year ended 31 December 2018, except as disclosed in Note 1(a) to the interim financial statements.

#### 3 AUDITOR'S REPORT ON PRECEDING ANNUAL FINANCIAL STATEMENTS

The auditor's report on the financial statements for the financial year ended 31 December 2018 was not subject to any qualification.

#### 4 SEASONALITY OF OPERATIONS

The business operations of the Bank are not materially affected by any seasonal factors.

#### 5 DEBT SECURITIES

There were no other issuances, cancellations, repurchases and repayments of debt securities by the Bank during the financial period ended 30 September 2019.

#### 6 DIVIDEND

No dividend was paid in respect of the financial period ended 30 September 2019.

### 7 SIGNIFICANT AND SUBSEQUENT EVENTS

There were no material events subsequent to the end of the reporting period that require disclosure or adjustments to the unaudited condensed interim financial statements.

The Bank may, at its option and subject to the prior approval of BNM, exercise its call option and may redeem in whole or in part, whichever is earlier, the Murabahah subordinated sukuk on 24 November 2021 and any coupon payment date thereafter. In addition to the first call in 2021, the Murabahah subordinated sukuk may also be redeemed if a qualifying tax event or a change of qualification event occurs. #### 31 FAIR VALUE OF FINANCIAL INSTRUMENTS

### Fair value hierarchy of financial instruments

The Bank measures the fair value of financial assets and liabilities using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements.

The valuation hierarchy and the types of instruments classified into each level within that hierarchy, are set out below:

	Level 1	Level 2	Level 3
Fair value determined as	Level 1 fair value is derived from quoted price (unadjusted) in active markets for identical financial assets and financial liabilities that the entity can access at the measurement date.	Level 2 fair value is estimated using inputs other than quoted prices included within Level 1 that are observable for the financial assets and liabilities, either directly or indirectly.	Level 3 fair value is estimated using unobservable inputs for the financial assets and liabilities.
Type of financial assets	Actively traded government and government agency securities.	Corporate and other governments sukuk.	Private debt equity instruments.
	Actively traded quoted	Over-the counter ("OTC") derivatives.	Corporate sukuk with illiquid markets.
	equity securities of corporations.	Deposits and placements with banks and other financial institutions.	Financing and advances.
