NOTES TO THE UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS - 31 MARCH 2026

GENERAL INFORMATION

The Bank is a licensed Islamic Bank principally engaged in Islamic Banking and related financial services. There were no significant changes in these activities during the financial period.

PERFORMANCE REVIEW

The Bank posted a profit after tax of RM59.8 million for the financial period ended 31 March 2026, 26% lower year-on-year mainly due to higher allowances of RM27.8 million, higher income attributable to depositors of RM10.4 million, lower net income from investment account funds of RM5.6 million and higher operating expenses of RM3.3 million partly offset by higher net income from investment of depositors' funds and others of RM16.0 million, lower tax expense of RM6.7m and income from shareholder's funds of RM3.0 million.

Higher income derived from investment of depositors' funds and others of RM16.0 million mainly due to higher income from financing of RM16.7 million.

Gross financing and advances increased by RM0.4 billion or 2% to RM18.8 billion in the first quarter of 2026 mainly from wholesale & retail trade and restaurants & hotels, transport, storage and communication and mortgages. Customer deposits decreased by RM0.3 billion or 3% lower mainly from business enterprises and individuals.

Shareholder's funds strengthened by RM47.2 million to RM2.9 billion. The Bank is well capitalised, after taking into account the effects of RPSIA, with Common Equity Tier 1/Tier 1 capital ratios of 26.348% and Total capital ratio of 26.904%.

ECONOMIC PERFORMANCE AND PROSPECTS

Bank Negara Malaysia ("BNM") has projected Malaysia's gross domestic product ("GDP") to grow by 4% to 5% in 2026, underpinned by resilient household spending, sustained investment activity, continued strength in electrical and electronic ("E&E") exports amid the technology upcycle, and steady tourism supported by Visit Malaysia Year 2026. Consistent with this outlook, the International Monetary Fund ("IMF") has recently projected Malaysia's GDP growth to strengthen to 4.7% in 2026 and 4.3% in 2027, supported by strong domestic demand and a resilient export base.

Looking ahead from the first quarter of 2026, Malaysia's economic outlook is expected to remain resilient, supported by firm domestic demand, notwithstanding heightened global uncertainties arising from geopolitical tensions in Middle East and elevated energy prices, which may contribute to near-term volatility in the financial markets and external demand.

Domestically, growth momentum is expected to be sustained by favourable labour market conditions, wage growth and continued investment under multi-year public and private sector projects and national economic masterplans, including strategic sectors such as E&E, data centres and energy transition. External demand is expected to remain supported by E&E manufacturing and tourism-related activity, although export growth may moderate compared to 2025 amid a more challenging global trade environment. Inflationary pressures are expected to remain manageable, with core inflation remaining stable.

In this environment, BNM has maintained the Overnight Policy Rate at 2.75%, assessing the monetary policy stance as appropriate and supportive of economic activity amid price stability. Malaysia's banking sector continues to operate with strong capitalisation, ample liquidity and prudent lending standards, providing a stable foundation for the economy.

1 BASIS OF PREPARATION

The accounting policies set out below have been applied consistently to the periods presented in the unaudited condensed interim financial statements, except as disclosed in Note 1(a) to the interim financial statements.

NOTES TO THE UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS - 31 MARCH 2026 (continued)

1 BASIS OF PREPARATION (continued)

The unaudited condensed interim financial statements of the Bank have been prepared under the historical cost convention except for the assets and liabilities which are stated at fair value as disclosed in the notes to the unaudited condensed interim financial statements: financial assets at FVTPL, financial investments at FVOCI and derivative financial instruments. The unaudited condensed interim financial statements are presented in Ringgit Malaysia ("RM"), which is the Bank's functional currency. All financial information presented in RM have been rounded to the nearest thousand, unless otherwise stated.

(a) Statement of compliance

The unaudited condensed interim financial statements have been prepared in accordance with Malaysian Financial Reporting Standard ("MFRS") 134, International Accounting Standard 34 and BNM's Shariah requirements.

The following amendments to accounting standards have been adopted by the Bank during the current period:

- Amendments to MFRS 9, *Financial Instruments* and MFRS 7, *Financial Instruments: Disclosures - The Classification and Measurement of Financial Instruments*
- Amendments to MFRS Accounting Standards which are part of Annual Improvements - Volume 11
- Amendments to MFRS 9, *Financial Instruments* and MFRS 7, *Financial Instruments: Disclosures - Contracts Referencing Nature-dependent Electricity*

The adoption of the abovementioned amendments to accounting standards did not have any material impact on the financial statements of the Bank.

The Bank has not adopted the following amendments to accounting standards issued by the Malaysian Accounting Standards Board ("MASB") as they are not yet effective:

Effective for annual periods commencing on or after 1 January 2027

- MFRS 18, *Presentation and Disclosure in Financial Statements*

The Bank plans to apply the abovementioned amendments to accounting standards, which are relevant to the Bank when they become effective in the respective financial periods. The initial application of the abovementioned amendments to accounting standards are not expected to have any material impact to the financial statements of the Bank except for MFRS 18 which is a new accounting standard for presentation and disclosure of information in the financial statements that replaces MFRS 101, *Presentation of Financial Statements*.

The new standard introduces a defined structure for the statement of profit or loss, which comprises new categories and subtotals. Income and expenses included in the statement of profit or loss are to be classified into three new distinct categories i.e., operating, investing and financing, based on the main business activities of the entity; and two new required subtotals to enable analysis, i.e., operating profit or loss and profit or loss before financing and income taxes. It also sets out new disclosure requirements of management-defined performance measures. Furthermore, MFRS 18 also provides enhanced guidance for aggregation and disaggregation of information in the financial statements.

The Bank plans to apply MFRS 18 effective from 1 January 2027, and will be applied retrospectively, whereby the comparative information for the financial year ending 31 December 2026 will be restated in accordance with requirements of MFRS 18. The Bank is currently assessing the impact of MFRS 18 on presentation and disclosures in the Bank's financial statements.

NOTES TO THE UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS - 31 MARCH 2026 (continued)

1 BASIS OF PREPARATION (continued)

(b) Use of estimates and judgements

The preparation of the unaudited condensed interim financial statements in conformity with MFRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

In preparing the unaudited condensed interim financial statements, the significant judgements made by management in applying the Bank's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the audited financial statements as at and for the financial year ended 31 December 2025.

2 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies applied by the Bank in these unaudited condensed interim financial statements are the same as those applied by the Bank in its audited financial statements as at 31 December 2025 and for the financial year ended then, except as disclosed in Note 1(a) to the interim financial statements.

3 AUDITOR'S REPORT ON PRECEDING ANNUAL FINANCIAL STATEMENTS

The auditor's report on the financial statements for the financial year ended 31 December 2025 was not subject to any qualification.

4 SEASONALITY OF OPERATIONS

The business operations of the Bank are not materially affected by any seasonal factors.

5 DEBT SECURITIES

There were no issuances, cancellations, repurchases and repayments of debt securities by the Bank during the financial period ended 31 March 2026.

6 DIVIDEND

No dividend was proposed in respect of the financial period ended 31 March 2026.

7 SUBSEQUENT EVENTS

There was no material event subsequent to the end of the reporting period that requires disclosure or adjustments to the unaudited condensed interim financial statements.

8 UNUSUAL ITEMS DUE TO THEIR NATURE, SIZE OR INCIDENCE

There was no unusual items affecting the assets, liabilities, equity and net income or cash flows of the Bank for the financial period ended 31 March 2026.

28 COMMITMENTS AND CONTINGENCIES

In the normal course of business, the Bank makes various commitments and incurs certain contingent liabilities with legal recourse to its customers. There were no material losses anticipated as a result of these transactions.

The credit equivalent and risk weighted amounts were computed using the credit conversion factors and risk weights as defined by BNM for regulatory capital adequacy purposes.

29 FAIR VALUES OF FINANCIAL INSTRUMENTS

(a) Fair value hierarchy of financial instruments

The Bank measures the fair values of financial assets and liabilities using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements.

The valuation hierarchy and the types of instruments classified into each level within that hierarchy, are set out below:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable market data either directly (ie as prices) or indirectly (ie derived from observable market data). The valuation techniques that use market parameters as inputs include, but are not limited to, yield curves, volatilities and foreign exchange rates; and
- Level 3 Inputs for the valuation that are not based on observable market data.

(b) Financial instruments measured at fair value
